

merge_lib::Transformation
Description::TransformationDescription

```
graph LR; A["merge_lib::Transformation  
Description::TransformationDescription"] --> B["merge_lib::Utils::double  
Equals"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'merge_lib::Transformation' on the first line and 'Description::TransformationDescription' on the second line. The right box is white and contains the text 'merge_lib::Utils::double' on the first line and 'Equals' on the second line. A dark blue arrow points from the right side of the left box to the left side of the right box.
