/intranet/UBIntranetPodcastPublisher.h

```
graph TD; A["Sankore-3.1/src/podcast  
/intranet/UBIntranetPodcastPublisher.h"] --> B["QtGui"]; A --> C["ui_intranetPodcastPublishing  
Dialog.h"]
```

The diagram illustrates the dependencies of the header file `UBIntranetPodcastPublisher.h`. It is a hierarchical structure where a parent box at the top points to two child boxes below it. The parent box is shaded gray and contains the file path. Two blue arrows originate from the bottom of the parent box and point to the two child boxes. The left child box is labeled `QtGui`, and the right child box is labeled `ui_intranetPodcastPublishing Dialog.h`.
