

merge\_lib::OverlayDocument  
Parser::parseDocument

```
graph LR; A["merge_lib::OverlayDocument  
Parser::parseDocument"] --> B["merge_lib::Parser:  
:parseDocument"]
```

A diagram showing a call from `merge_lib::OverlayDocument` to `merge_lib::Parser::parseDocument`. The left box is shaded gray and contains the text `merge_lib::OverlayDocument` and `Parser::parseDocument`. A blue arrow points from the right side of this box to the left side of the right box. The right box is white and contains the text `merge_lib::Parser:` and `:parseDocument`.

merge\_lib::Parser:  
:parseDocument
