

UBThumbnail::muteStyleOption

```
graph RL; UBThumbnailSvg_paint[UBThumbnailSvg::paint] --> UBThumbnail_muteStyleOption[UBThumbnail::muteStyleOption]; UBThumbnailPixmap_paint[UBThumbnailPixmap::paint] --> UBThumbnail_muteStyleOption;
```

The diagram illustrates a relationship where two methods, `UBThumbnailSvg::paint` and `UBThumbnailPixmap::paint`, are associated with or inherit from the `UBThumbnail::muteStyleOption` method. The `UBThumbnail::muteStyleOption` box is shaded gray, while the other two are white. Blue arrows point from the white boxes to the gray box.

UBThumbnailSvg::paint
